

The A-2000 series air press is ideal for small parts assembly, punching, shearing, and staking of light-gauge metal or plastic. It utilizes the same cast-iron base frame as our popular AP-810 manual press. The head of the press may be adjusted for height with two (2) clamping screws. A longer column can be provided on special request. The A-2000 series pneumatic press comes equipped with dual hand anti-tie-down/anti-repeat controls and a three-inch stroke length. An optional adjustable down stop/anti-rotate mechanism is available.

Options:

- Tool Adapters
- Air Filter/Regulator (Model 512)
- Die Sets (See Page 16)
- Alternate Stroke Lengths
- Arrange Press For Die Set Mtg.
Add Suffix (-A)
- Longer Column
- Quick Exhaust Valves
(Model 523)
- Delay Timer (Model T-10A)
- Dual Photo Optic Palm Buttons
Add Suffix (-OT)
- Air Over Oil
Add Suffix (-A/O)
